SOUTHEASTERN UTAH BUSINESS LOAN FUND

PRELIMINARY INFORMATION

The enclosed packet of information represents the general data a business will need to have on hand when making an application for a loan from the Southeastern Utah Business Loan Fund programs

The general guidelines for participation in the funding program are:

BUSINESS LOAN FUND Participation

1. The Micro-Enterprise Business Loan Fund is available for "gap" financing. A primary lender and owner cash, which combined must provide at least 2/3 of the project funds **will be necessary**. The Business Loan Fund maximum participation will be 1/3 of the cash required for the project, with a **loan limit of \$100,000**.
2. A second fund, called Seed Capital Fund, will function in a similar manner. There is a **\$10,000 loan limit** and no other lender is required.

Eligible Types of Financing

Funds will be eligible for use as a source for the following financing:

1. Permanent financing for the start-up or expansion of business facilities in Carbon, Emery, Grand or San Juan County;
2. As a source of financing for the acquisition of machinery or equipment used at the local place of business;
3. As a source of working capital.

Eligibility Requirements and Lending Terms

All business plans must demonstrate that the business is or will be economically viable. The objective of creating and/or retaining **permanent jobs** require that the plan's overall feasibility and job creation potential be emphasized.

Applications for refinancing existing debt will not be considered, unless there is a clear and compelling economic justification. Reducing the cost of the borrower's current financing/credit is generally not considered a compelling reason.

The focus of the financing programs is to support strong local companies that require capital for expansion and new businesses that show the potential for growth in the targeted sectors identified for each community.
